PROFESSIONAL SUMMARY

Energy and energy-markets professional with 4+ years across Sustainable Energy for All (SEforALL / ACMI), multilateral programme delivery, and applied energy-policy research. At SEforALL supported diesel genset displacement methodology work for distributed renewable energy, Mission 300-linked electrification analysis, Carbon Hub / digital platform delivery for 50+ African energy developers, and VVB market-infrastructure research. Erasmus Mundus MSc (Distinction, GPA 3.73) with Energy Markets and Energy Transition coursework; thesis on CCS and UK ETS abatement economics for the Peak Cluster industrial corridor. Schneider Electric Go Green Global Winner (DRE for rural farming).

PROFESSIONAL EXPERIENCE

High Integrity Project Development Officer — Energy & Markets — Sustainable Energy for All (SEforALL) — Africa Carbon Markets Initiative

Ghana / Nigeria / Remote | Mar 2024 – Oct 2024

- Supported research and proposal inputs for fossil-fuel diesel genset displacement methodology linked to distributed renewable energy (DRE) replacement pathways in Nigeria.
- Contributed analysis connecting ACMI workstreams to Mission 300 electrification objectives (energy access at scale across Africa).
- Supported launch of ACMI's digital decarbonisation / developer platform within a USD 45,000 budget; engaged 50+ Africa-based renewable energy project developers.
- Built Carbon Hub content aggregating energy and carbon-market intelligence for private-sector and policy audiences; prepared reports and stakeholder presentations.
- Analysed Validation and Verification Body (VVB) readiness across Africa to inform clean-energy market infrastructure strategy; drafted four fundraising proposals for continent-wide capacity programming.

Climate & Energy Programme Consultant — Common Fund for Commodities (Amsterdam) & Forestry and Land Check

Remote | Jul 2025 – Oct 2025

- Supported programme design and documentation for a USD 75M outcomes fund, coordinating multi-stakeholder inputs into investment briefs and KPI packs.
- Quality-assured 15+ programme documents and synthesised 20+ technical reports for decision-ready delivery.

Intern — Climate Transparency (Energy & Mitigation Policy) — UNFCCC — Regional Collaboration Centre for East and Southern Africa

Kampala / Remote | Jul 2023 – Feb 2024

- Analysed 15+ national GHG inventories and Biennial Update Reports with attention to energy-sector reporting gaps under Enhanced Transparency Framework transition.
- Researched Article 6 and carbon pricing instruments relevant to clean-energy project pipelines; engaged 20+ African project developers on implementation constraints.

National Climate Action Fellow — Youth Challenge International (HerStart)

Ghana | Feb 2021 – May 2022

- Delivered climate action and green-entrepreneurship training to 300+ youth; facilitated 15 multi-stakeholder workshops with energy and enterprise partners.
- Reviewed 20 national policy documents informing programme design for green ventures.

Project Assistant — Innovations for Poverty Action — Escaping Poverty Project

Ghana | Sep 2019 – Feb 2021

- Coordinated multi-site field operations and tracking systems for a 1,300-participant evaluation — delivery discipline transferable to energy-access programme M&E.

EDUCATION

MSc Environmental Science, Policy and Management — Erasmus Mundus

Central European University · University of the Aegean · University of Manchester | 2024 – 2026

Graduated with Distinction (GPA 3.73). Thesis: Carbon Capture and Storage in the UK Cement Sector — Policy Incentives, Economic Viability and Public Perception (Peak Cluster, Liverpool Bay).

MSc Climate Change Engineering

Université Abou Bekr Belkaid (PAUWES) | 2022 – 2024

Thesis: The Role of Blockchain in Enhancing Transparency in Carbon Markets in Africa.

BSc Agribusiness (Climate Change & Food Security)

University for Development Studies, Ghana | 2015 – 2019

First Class Honours · CGPA 4.51 · Best Graduating Student.

Relevant coursework includes Energy Markets, Energy Transition, Environmental Policy, GIS and Quantitative Methods (Erasmus Mundus / Manchester).

TECHNICAL SKILLS

Energy & markets: Energy access / DRE, diesel genset displacement pathways, energy transition policy, UK ETS / industrial CCS economics, OSeMOSYS scenario modelling (coursework/applied)

Programme & partnerships: Stakeholder coordination, developer onboarding, briefing notes, fundraising proposals, platform delivery within budget, multi-partner workstreams

Analysis & tools: Microsoft 365, Excel (advanced), Stata, GIS (ArcGIS, QGIS), SurveyCTO, KoBo Collect

AWARDS & HONOURS

- Stanford Global Sustainability Challenge — Top 6 globally · Jury Award for Strategic Thinking (2026)
- Schneider Electric Go Green Challenge — Global Winner · €6,000 prize and industry mentorship (2025)
- Erasmus Mundus Scholarship (2024)
- Geneva Challenge — 2nd Place globally, 1st in Africa (2023)
- PAU African Union Scholarship (2022)
